MCPHERSON COUNTY, KS - EMPIRE TWP

"It was a little intimidating at first, and it took a few days to feel comfortable. But I wouldn't go back to a steering wheel!"
"I ran all day long with the two joysticks pushing snowing, and I never got tired."
"With the visibility in the M-Series, it's much easier to see what you're doing!"

Keith Becker
Keith Becker (620) 344-8152

OTTAWA COUNTY, KS

"My first thought was - where is the steering wheel? But now, I wouldn't want to go back to the old style!"
"It's setup the way it should be, with ease of controls, better visibility and the seat is much better."
"Response time to steering is very fast, and you don't have to fight the joysticks!"

MORTON COUNTY, KS ROAD DEPARTMENT

"Running the M-Series is a pretty cool deal."
"It's more relaxing running this machine. Good overall visibility, and the air conditioning will freeze you out!"
"I really like the power of the M-Series!"

Ralph Forbes
Ralph Forbes (620) 697-2592

MARION COUNTY, KS

"I love the self-centering button for articulation!"
"It's easier to run and your vision is opened up tremendously!"
"All the reaching on the old models makes you fatigued, but not with the M-Series."

Gene Lanning
Gene Lanning (620) 382-2515

RENO COUNTY, KS - CLAY TWP

"The M-Series is very capable at pulling ditches."
"The motor in the M-Series is both powerful and very quiet."
"Lighting is great and their positioning is much better!"
"It walked right through waste deep drifts."

Matt Graber
Matt Graber (620) 960-3180

RENO COUNTY, KS - GRANT TWP

"I was a nervous wreck at first, but now its all second nature."
"There's not a machine made that I have ever run that compares to the M-Series!"
"You can run for 12-14 hours and not feel like you've done anything. It's like sitting in a recliner."
"The wheels turn quick when pulling shoulders."
