Take Advantage of **SECTION 179 & BONUS DEPRECIATION**

A tax deduction saves you money right away, making it easier to cover expenses and secure loans, while also allowing you to invest in new heavy equipment and expand business opportunities. Consult your tax representative for specific details.*

Deduction amounts vary. Prior to purchasing the equipment, you can calculate the cost and use the Section 179 Deduction calculator to estimate tax savings.

The Section 179 deduction limit for 2026 is \$2,560,000, includes both new and used equipment acquired and put into service by December 31, 2026.

With a Bonus Depreciation of 100%, you can continue saving on equipment after you have met your Section 179 spending cap on both new and used equipment acquired and put into service between 1/19/2026 and 12/31/2026.

****Restrictions may apply. Consult with your tax professional for specific details. Foley Equipment does not provide tax advice and this should not be considered tax or legal advice. Customers should always consult their legal, tax or accounting advisor before making decisions.***
