FOLEY INDUSTRIES

2026 GIFT COLLECTION GUIDE

GIVE A GIFT THAT WORKS AS HARD AS THEY DO.

OFFERS VALID NOVEMBER 17 - DECEMBER 31, 2026, GOOD WHILE SUPPLIES LAST.

THIS HOLIDAY SEASON, LOOK FOR THE CAT® BRAND.

Protect what matters most with Cat® 20–200 kW generators backed by Foley Power Solutions.

Give yourself the gift of peace of mind.
Request your standby power consultation today.

Power outages do more than turn off the lights. They disrupt operations, threaten comfort, interrupt critical systems, and create costly uncertainty. Cat® 20–200 kW standby generators give property owners a dependable way to maintain continuity, protection, and control.

At Foley Power Solutions, we help customers across Kansas and Missouri identify the right standby solution for their property, application and long-term expectations. From initial consultation through installation support and ongoing service, our team is here to help you do it right.

CAT® LIGHTS SHINING BRIGHT SINCE 1925

LIMITED TIME OFFER ACT NOW

Working late shouldn't mean shutting down. Cat LED lights keep your machines running when others go dark.

	Features	Benefits
Owning and Operating	• Long life, est. 40,000 hrs + • LEDs do not contain bulbs • LED technology • Energy efficient	• Light maintenance is nearly eliminated • No bulbs to replace, no downtime, no bulb expense • With no moving parts, no wear parts to cause malfunction • No need to increase alternator size
Sustainability	• LEDs are Mercury free, Lead free, no use of heavy metals	• Non-hazardous material for easy disposal
Site Assurance	• Bright lights • Vibration resistant • Waterproof • Standard two pin Deutsche DT series connector	• Brightens work area, better visibility of surroundings • Very reliable and ideal for heavy duty applications • Wide application use • Can be pressure washed • Easy drop in replacement for Halogen and HID type lights
Efficiency	• Low power consumption • No light filaments, uses semiconductors • Wide range voltage input (9-32V)	• Less strain on electrical system. High Lumens/Watts • No heat loss (or heat build up) from light source • Can be used on wide range of equipment
Comfort Ergonomics	• Light color temperature near 6000K	• Closer to daylight lessens eye strain, reduces operator fatigue

30%OFF ALL CAT LED LIGHTS

ONLINE ONLY WITH PROMO CODE LIGHT26. THIS OFFER EXPIRES NOVEMBER 30, 2026

A Cat Attachment For Every Job!

AUGERS

Augers are the tool you need to drill more holes, quicker. Install your footings, fencing and sign posts more efficiently.

BUCKETS

Move from digging and dozing to clamping and carrying with a Cat multi-purpose bucket for all your needs.

FORKS

Heavy duty jobs call for heavy duty forks. Whether you're moving pallets or pipes, we can help lighten your load.

VIEW ALL ATTACHMENTS AT: foleyeq.com/equipment/new-attachments

BRUSH CUTTER

This brush cutter attachment for skid steer loaders is built with a three blade cutting system to take down impenetrable brush and quickly remove trees up to 6" in diameter.

MULCHERS

Mulchers are designed for high performance cutting and mulching vegetation and undergrowth from forested terrain.

GRAPPLE RAKES

Rakes are ideal for storm debris clean-up and land clearing applications due to their open bottom design which allows unwanted material to filter through the bottom of the work tool.

0% FOR 12 MONTHS, 1.9% FOR 24 MONTHS OR 4.9% FOR 36 MONTHS ON NEW CAT ATTACHMENTS.*

* Visit FoleyEQ.com for more details. Offer subject to change after December 31, 2026.

Foley Equipment Service Makes Rebuilds Easy

Cat machines, power trains, and major components are carefully engineered to be rebuilt and repaired to maximize the life of your machine.

A rebuild or repair can give your machine multiple lives and is an affordable alternative to buying new.

There's a reason Cat machines are considered an ideal investment. When other competitive models would require replacement, machine rebuilds from Foley Equipment Service enable you to put new life into a single component or your entire machine.

Our team can recommend the right rebuild option for you.

Contact us today to get started:

UPGRADE YOUR EXPERIENCE ON THE CAT CENTRAL APP

Our goal is to keep your operation running as smoothly as possible. At FoleyParts.com you will find the largest selection of genuine Cat parts at your fingertips.

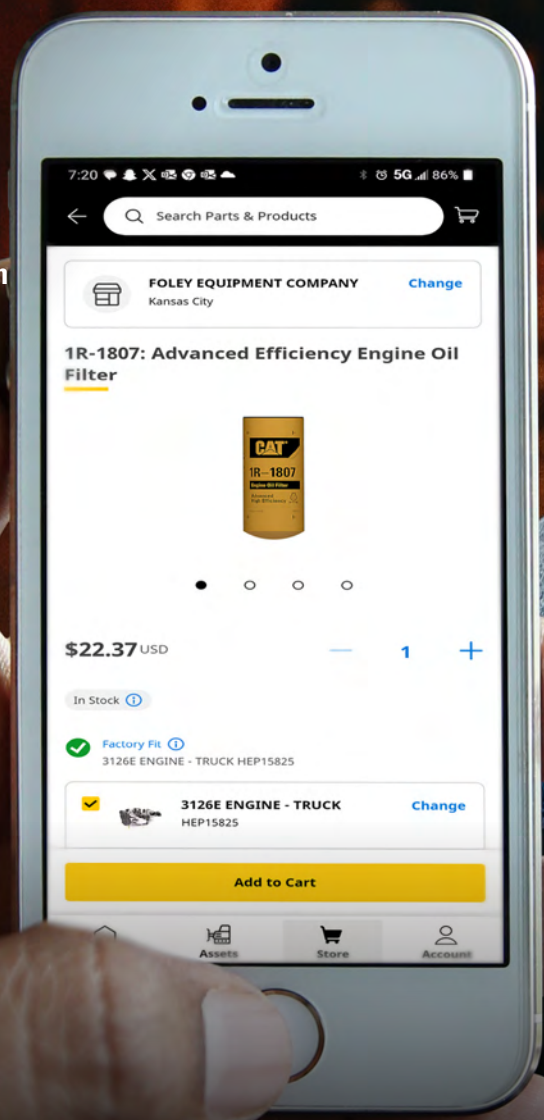

When you register, you'll also be able to:

- Access a history of your past orders
- Place re-orders with the click of a button
- Redeem your Cat Credits online
- Track your outstanding cores
- Pick your parts up in-store for free, let us bring them closer to you at one of our 160 drop boxes or have them shipped to your doorstep
- Download and use the Cat Central mobile app while on-the-go

GET IT ON Google Play

DOWNLOAD ON THE App Store

If you'd like to see how the Cat Central App can make "all things parts" more convenient for you, then give it a try today.

CAT FILTERS

DIFFERENT BY DESIGN. PROVEN TO PERFORM.

How does up to 45% longer fuel injector life sound? Or 80% lower injector cost per hour? That's the difference you can expect to see with Cat filters. Designed by Caterpillar product experts just for Cat machines, they keep dirt out, fluids clean and your operation running profitably.

- **Cat Air Filters catch even the smallest particles before they infiltrate your machine. They protect critical components from wear and help operators breathe easier, too.**
- **Cat Engine Lube Filters protect today's engines — which have less room between components than ever — from abrasive particles. They help prevent premature wear and associated costs.**
- **Cat Fuel Filters keep out the dust, rust and debris that damage engine components, restrict fuel flow and hamper engine performance.**
- **Cat Hydraulic & Transmission Filters maintain oil cleanliness, capturing particles that can damage key components. Bonus: They help minimize cold start bypass, too.**

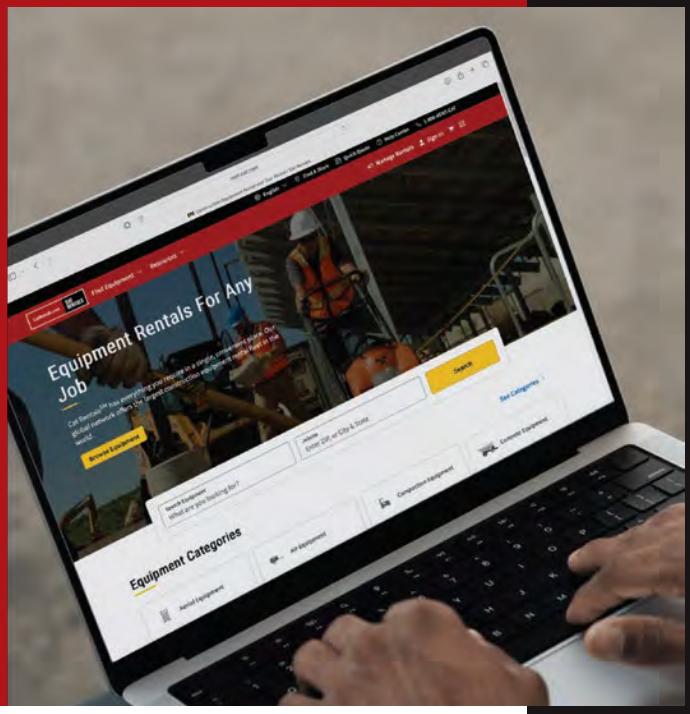

TAKE 20% OFF

YOUR ONLINE PURCHASE OF CAT FILTERS USING PROMO CODE 'FILTER20' AT CHECKOUT. OFFER ENDS DECEMBER 31, 2026. VALID ONLY ONLINE.

KEEP PROJECTS ON TRACK. USE CATRENTALS.COM.

Today, your office is wherever you have an internet connection. It's so convenient to be able to manage projects, people and equipment with a few clicks. CatRentals.com gives you easy access anytime, anywhere so you get the job done right:

- Search for equipment
- Request new rentals or onsite service
- View and download contracts, invoices, and equipment reports
- Transfer equipment between jobs
- Extend or end rentals
- View telematics
- Set up alerts and notifications
- And more!

ASK ABOUT OUR HOSE PRICE MATCH GUARANTEE

Foley has a hose shop in each of our 15 parts locations where we can custom build most hose assemblies for any make or model machine. We carry a large selection of light, medium and high-pressure hydraulic hoses using permanent or reusable crimp couplings. Our inventory covers a broad range of pressure tolerances, materials, and fitting styles.

Each hose is "Certified, Crimped and Cleaned" to Caterpillar specifications, and every hose we build comes with a set of seals. Our outstanding inventory of high quality hydraulic hoses ensures that we have the right hose to match your need and specification for any make or model machine, all at a competitive price.

Whether you need a complete hose or an individual flange or fittings, we carry it all:

- One-wire, two-wire, high-pressure (4,000 - 6,000 PSI) hoses, DOT certified air brake lines, A/C lines, hose guards, pilot hoses, and suction hoses
- A wide variety of JIC, NPTF, STOR boss, flange fittings (code 61, 62, and Cat), and ORFS hydraulic couplings and adapters

ALL MAKES. ALL MODELS.

ANY HOSE. ANY BRAND. GET IT RIGHT. GET IT QUICK.

Foley can build most hose assemblies for any make or model machine while you wait, typically in 30 minutes or less.

- Low, medium or high-pressure hose assemblies
- Standard or reusable fittings

CAT POWER FOR YOUR PICKUP ALL WINTER LONG

YOUR TRUCK DOESN'T HAVE TO BE A CAT TO RUN CAT BATTERIES.

Foley carries Cat battery options for select diesel pickups powered by Power Stroke, Duramax and Cummins engines.

These batteries come with a 24-month free-replacement warranty.

Before you buy elsewhere, compare our battery prices with other truck parts stores and factor in core charges and warranty coverage.

POWER STROKE • DURAMAX • CUMMINS

DIESEL ENGINE	CAT PART#	EACH	TWO BATTERIES
6.7L POWER STROKE	230-6368	$213.20	$426.40
6.6L DURAMAX	430-5993	$136.19	$272.38
6.7L CUMMINS	430-6005	$142.82	$285.64

COMPARE THE PRICE. CHECK THE SPECS. CHOOSE CAT.

For select model years and configurations. Ask your Foley Parts team to confirm fit and availability before purchase. Foley does not accept battery cores.

New Cat Starters and Alternators Deliver Power and Reliability

Computer-aided design, stress simulation, environmental validation, and 100% testing help ensure Cat Starters and Alternators work in unison with the rest of your Caterpillar engine components.

Starters

Caterpillar Starters are designed specifically to handle the high current experienced during the cranking of Cat engines. They are built to work hard and deliver reliable performance even in tough, dirty environments. We carry a variety of Cat Starters, matching the torque required with your specific engine.

Caterpillar Starters with the PRELUB® system Caterpillar Starters with the PRELUB® system help to prevent the wear caused by dry starts. This innovative starter combines an oil pump with the body of a conventional starter. The pump automatically draws engine oil from the sump and pressurizes the engine before allowing the starter to crank the engine. Caterpillar Starters with the PRELUB® system can be easily retrofitted to your machine.

PRELUB® is a registered trademark of RPM Industries.

CATERPILLAR STARTERS
1 Positive-engagement shift mechanism ensures precise pinion-to-ring gear engagement.
2 Seamless one-piece solenoid case protects against corrosion.
3 Rotatable drive housing allows flexible mounting.
4 Brush holder provides constant spring pressure for even wear.

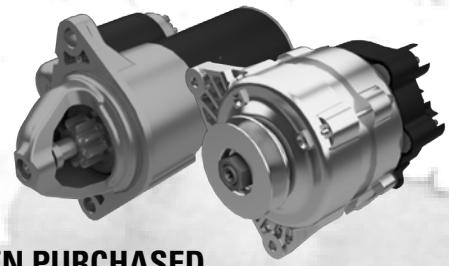

Alternators

Cat Alternators are divided into two categories: brush type and brushless. Brush type alternators use one-piece brushes and constant pressure springs for even brush wear. Brushless design alternators feature tighter air gap tolerances and superior sealing for longer life in dusty, dirty environments. Both Cat Alternators are superior high-output charging systems that are quiet, compact, and lightweight.

CATERPILLAR ALTERNATORS
1 Built-in electronic voltage regulators
2 High-efficiency cooling system
3 Brushless design for harsh environments
